PROFILE

GIA

GIA is a Dubai-based DJ with over six years of experience performing across hotels, lounges, restaurants, beach clubs, pools and lifestyle venues throughout Dubai and the UAE.

Long-term residencies and extended three-to-five-hour sets shaped her ability to read a room, control the pace and move naturally from relaxed daytime and sunset moods into energetic brunch and evening sets.

Her sound is polished, versatile and venue-aware: deep and organic foundations, Afro and Latin rhythm, disco and funky warmth, progressive flow and accessible tech-house energy when the room asks for it.

BEST SUITED FOR
